

## Enhance Your Team's Skills and Knowledge

### About The WISE

The WISE annual training program delivers educational content and career development opportunities within the sustainability sector. Tailored specifically for the women leaders on your team, The WISE provides exclusive networking benefits to help enhance their professional growth. With practical, real-world training and opportunities to engage with industry leaders, the WISE is designed to help women raise the standard in the sustainability sector today.

### ➔ Why Choose The WISE?

#### Training

Gain premium access, industry-leading insights, and resources within the sustainability sector.

#### Contact Sharing

Receive contact details for all members, enabling direct communication and collaboration.

#### Network

Establish valuable professional connections with fellow leaders in the field, fostering opportunities for collaboration, knowledge exchange, and collective growth.

#### In-Person Events

The WISE program includes one in-person event in Indianapolis each year, held in conjunction with the IN-CLIMATE Summit as part of our annual half-day conference. Additional in-person events available at a discounted rate for members.

## ➔ The WISE Curriculum

The WISE curriculum offers two sessions/month—one led by The Envoy Group and another by a guest expert trainer. Each session includes valuable content such as demonstrations, case studies, or interviews delivered live on pre-scheduled dates, but they are also recorded, so your team can access them at their convenience. This flexibility allows integrating learning into your workflow without disrupting productivity. Members also enjoy 1 full day master mind session in Indiana and \$500 off trainings and conferences.
